

Sally[®]

For Kids

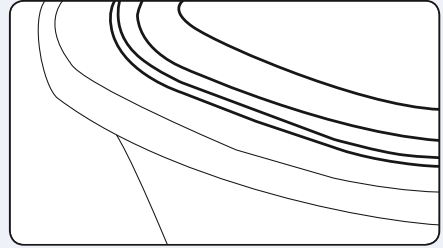

Learning to use the toilet on your own is a big phase in life. It's a bit scary too, especially when you are small and the toilet seat is so big. Sally is a toilet training seat designed for both toddlers and preschoolers. It fits all toilets and has a soft lining that secures its position. With Sally, your child will sit safely and comfortably. With Sally, all children can learn their new skills at their own pace.

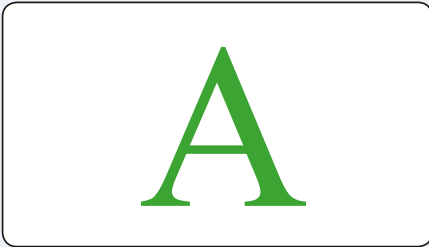

Strong and safe

The suspension device is reinforced and tolerates stress. The toilet training seat is cast in a single mould. This makes it stable and safe.

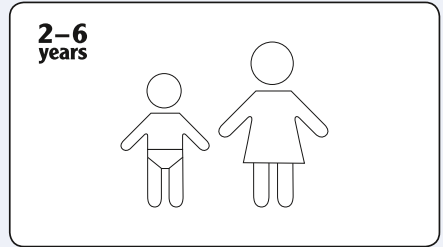

Fits all toilets

The toilet training seat is designed to fit all types of toilets. The soft lining secures the training seat on the toilet seat.

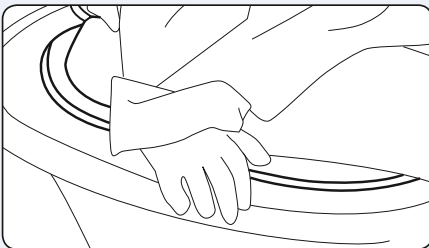

Hypoallergenic

The toilet training seat is made of recyclable and non-allergy producing materials.

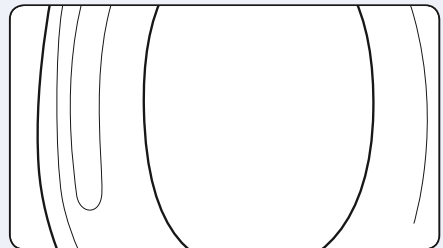

For children 2 to 6 years of age

The toilet training seat is designed for both toddlers and preschoolers.

Comfortable

The bump on the front of the toilet training seat and the shape of the hole ensures that the child sits safely and comfortably.

Scratch resistant

The seat is made of a scratch resistant material.
